BM73H0	2400	2280	2170

BM73 Series

The **BM Series** elements are rated at 46.5Kw/m² and are most suited for wet bain maries. To improve element life it is recommended that the BM series remain covered with water.

Elements have Screw Terminals, 3/8" BSP Brazed Brass Bushes, Nuts & Gaskets. They can be bent to a required shape
