

DOL MOTOR STARTERS

No.	Designation	Signal	Description
1	Type	TEW	Enclosed and Rainproof (IEC144, IP65)
2	Model	11 16 21	12A (Rated capacity based on AC3) 16A 24A 3ph 440V)
3	Auxiliary Contacts	A	1a
4	Coil Voltage 50hz	6 9	240VAC 415VAC
5	Overload Setting Range	See Contactors and Overloads Information Sheet	

STAR DELTA STARTERS

Features :

- IP55 Metal enclosure
- Main and Delta contactors electrically interlocked
- All three contactors are rated equally
- Adjustable pneumatic timer
- Fully pre wired complete with overload
- Large enclosure with ample wiring room

Benefits :

- Simple to install
- Motor current reduced to one third of the DOL value
- Can be used on a wide range of start up times
- Accurate and reliable motor protection
